Speaking of Dr. See, who is now visiting his old home in this city, the Republic of last Sunday says: "Doctor Thomas Jefferson Jackson See, one of the most noted astronomers in the United States, and employed by the Government at the Mare Island Navy Yard, in California, in an interview says earthquakes are caused by the leakage of water through the earth's crust and chiefly from the leakage of the ocean. In substantiation of the deduction relating to the ocean, Doctor See pointed to the fact that all serious seismic disasters occur near the sea. The leakage of vast amounts of water through the earth's crust and the contact with the molten interior generates steam, which presses with powerful force against the thin plates in the earth's crust, pushes it upward and brings about the earthquake."

**Seventy-Five Years Ago Today.**

Ludwell Bacon offered a reward of \$100 for the return of a slave who had run away from Bonhomme settlement.

The foregoing excerpts is taken from the Sunday's St. Louis Republic of June 9, 1907. Ludwell Bacon was the maternal grandfather of Col. Warner Lewis, of this city. He came from Albamori county Va., in 1806 and settled on Bonhomme creek, in St. Louis county, Mo., Territory.

Lawrence Long, the father-in-law of Bacon, preceded him in 1797, having previously obtained from the Spanish government a grant of 1000 arpents of land on Bonhomme creek, whereon he erected the first water power grist and saw mill built west of the Mississippi river. Bacon's house was used as a fort during the Indian wars of 1812. A large number of the Long and Bacon families died and were buried in the Bonhomme settlement during the last century.

**The Ball Game Last Sunday**

Last Sunday afternoon the Columbkills, of St. Louis and the Montgomery team crossed bats.

Up to the seventh innings it was one of the best played games seen here this season. Then the Montgomery team went to the bad for a few minutes and let the St. Louis lads score four runs.

At the beginning of the first half of the ninth innings the score was 4 to 2 in favor of the "Killers," when the game was forfeited to the Montgomery team because the Columbkills would not stand for a decision on a balk made by their pitcher. There was no question about the decision being correct and therefore it is fair to presume that the St. Louis fellows took that method of saving themselves from the defeat, which at that stage of the game, was apparently coming to them.

Next Sunday there will be no game here as our boys will go to Mexico and play against the team of that city.

Elder W. S. Sallee "fell asleep" at his home in this city Wednesday morning, at a ripe old age. He was 70 years old, born at Troy, Mo., and had been a faithful minister in the Christian church for nearly 40 years. He leaves a widow and one child. Elder Sallee had been in ill health for some time and his death was not a surprise.

The funeral services were held Friday morning, June 14, at 10 o'clock, at the Christian church and were conducted by Eld. W. A. Meloan, after which the remains were laid to rest at New Harmony, Pike County, Mo.

**In Memory of Our Mother.**

MRS. RACHEL ELLEN HAM.

On last Monday morning, June 3, 1907, at seven o'clock, our dear mother, after cheerfully taking her breakfast, lay down on her bed, and pillow her venerable head on her hand, peacefully passed into the great beyond. Her departure came so quietly and suddenly that before we were aware of any serious matter, her soul had taken the wings of the bright morning and sped away.

Mother had been in very poor health for over two years, being afflicted with a dilated heart and asthma. More than once within the last two years we had almost despaired of her life. About five weeks ago she was seized with a fresh attack, which dragged into a spell of capillary pneumonia. By the most careful medical attention and nursing by kind friends, she became convalescent and we had great hopes of her recovery. But alas! the diseased condition of her frail body was more than she could withstand.

How sweet is the consolation that all we have to grieve for is our own irreparable loss. Just the evening before her death she had us to sing, "I know That My Redeemer Lives." Through all her illness she bore her afflictions with christian patience, and only during hours of delirium did she forget to be anxious about the ease and comfort of those about her.

Mrs. Rachel Ellen Ham was born in Montgomery Co., Mo., March 9, 1827, being when she died, eighty years and nearly three months old. She was the daughter of Daniel and Ruth Peveler, old settlers of the county. Being one of a family of nine children she survived them all except one, Mrs. Sabina Sailor, who lives in Montgomery City. Nov. 2, 1852, she was married to Wm. Coleman Ham, who died in 1864. To them were born five sons four of whom are living, the oldest, Chas. M., having died in 1879. She and her husband resided in Montgomery county till the fall of 1857, when they moved to Texas. After a short sojourn there, they returned to Missouri and settled on a farm in Callaway county, where she lived, with the exception of an interval of about six years in Montgomery county, after the death of her husband, till her death. On May 15, 1869, she united with the Regular Baptist church at New Providence, Montgomery county, where she remained a member till the church by deaths, withdrawals and removals went down. Then she put her membership in at Oak Grove church at Bachelor, Callaway county, where she remained a faithful member till her death. On June 4, 1907, the funeral services were conducted, at New Providence, by Elder John Deardori, her pastor, and Elder Judge Elkins, the latter preaching the funeral discourse. Then her earthly tabernacle was interred in the cemetery at the same place. Besides her sister and sons she leaves nine grand children to mourn her loss.

Thou lifeless clay thou painest me no more.  
Thou clay I once dwelt in and deemed was I.  
But now rest free on this sweet heaven's shore,  
I know for thee alone was I loth to die.

A tenement of earth thou only wast,  
Back again returnest thou to dust.  
The real I live forevermore;  
I hoped before, but now I know on high.

**Wedding Bells.**

Missouri and Arkansas met at the hymeneal altar in this city Tuesday when Prof. David C. Smith was wedded to Miss Benton McCanne, one of Montgomery's most charming young ladies, and a vocalist of more than local celebrity. The wedding was a quiet home affair, and was quite a surprise to the many friends of the happy participants. The ceremony was performed by Rev. W. A. Meloan of the Christian church. The wedding presents were very beautiful and valuable and as it was an ideal June day the bride remarked before bidding adieu to her mother, that "every wish had been granted."

The young bride and groom left for a bridal tour in the South after which they will be "at home" in Fort Smith, Ark. The bride's sweet voice and lovely personality will be missed in vocal circles in this part of the state where she was known as "Montgomery's sweetest singer."

**Remarkable Rescue.**

That truth is stranger than fiction, has once more been demonstrated in the little town of Fedora, Tenn., the residence of C. V. Pepper. He writes: "I was in bed, entirely disabled with Hemorrhages of the lungs and throat. Doctors failed to help me, and all hope had fled when I began taking Dr. King's New Discovery. Then instant relief came. The coughing soon ceased; the bleeding diminished rapidly, and in three weeks I was able to go to work." Guaranteed cure for coughs and colds. 50c. and \$1 at Crump & Kidwell's drug store. Trial bottle free.
